

Social distancing

at

school

We

have been

staying at

home

because of the

Corona virus.

The

Corona virus

makes

people

really

unwell.

To stay safe

we

have to

socially distance

from any

people

who

don't

live

with

us

at

home.

Social distancing

means

we

have to

stay

two metres away

from

other people

when

we

are at

school

or in the

community.

In school

we

have to

practise

social distancing

and

we

will

need to

wash our hands

more

often.

Social distancing

will

help

to

keep

us

safe.

It will

feel

strange

because

I

can't

hug,

high five

or

touch

anyone

who

does not

live

at

my

house.

Things will be

different

for a

while.

This may make

me

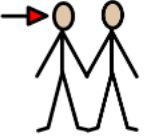

feel sad

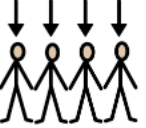

or

worried.

 If  I feel sad  or worried  I can  talk to  an adult  at home  or at school

 and they  will help  me  feel  happy  and calm.

 Social distancing  may be strange  but it will help  keep  everyone  happy,

 healthy   safe.
