Ref: HT/May2 – Building Update

Date: 22.05.2025

Dear RPPS families,

I have received messages from concerned Parents / Carers and pupils regarding a leaflet and also a petition which have been shared via social media platforms. Both state that Roath Park Primary School is at 'risk of closure' and 'unsafe'.

I just wanted to reassure you that the school is **not** at risk of closure. Furthermore, whilst there is currently scaffolding and Heras fencing erected on the school site, our premises is **safe** for pupils and our wider learning community to access and enjoy. Regular Health & Safety checks are carried out on the scaffolding and wider school site – we work closely with Cardiff Council to identify these issues and carry out appropriate action.

Cardiff Council are prioritising our school, and some works have progressed to address condition issues. There are a number of older schools in Cardiff that require works to improve their fabric and functionality. Cardiff Council is currently working through plans to execute further works.

I hope this letter goes some way to address any concerns. If you have any further questions regarding the school building then do not hesitate to contact me.

Many thanks for your continued support,

Mr. L Fitzgerald
